	credits will be the maximum to take. Pforzheim University is a national and international
	accredited institution.

	= 9,9 %; 3,0 = 8,7 %; 3,3 = 7,9 %; 3,7 = 6,2 %; 4,0 = 7,8 %. The distribution covers the
	successful students only and is based on about 70.000 grades from 2008-2011.

CHANGE STUDENTS	the study abroad is one year. Students may combine the study abroad with an internship
	(normally 100 working days or 5 months). So a total of 18 months is the maximum lenght
	a student may stay on exchange basis. Most of the students stay for one semester of
	studying and will add an internship in the second semester.

	grams supports the exchange students to find accomodation by sending updated housing
	information material (incl. a list of available rooms and apartments).

	sent to the students and to the coordinators.

	working days) is obligatory and therefore at all times around 1.000 students of the uni-
	versity are working in companies and hundreds of companies offer internships. For inter-
	national students - as long as they keep the legal status of a student - it is relatively easy
	to get an internship and to combine the study abroad period with an internship. The loca-

	change students a good starting point for getting an internship.
