# STEM GLIDE

Global Learning Immersion for Diverse Experiences

## Understanding Water Quality Issues in the US and Abroad

### **Program Overview:**

STEM GLIDE is designed to offer first time international travelers the opportunity to travel to the Dominican Republic for a cross-disciplinary learning experience while also enhancing their cultural awareness through the lens of water quality.

### **Program Goals:**

- Understand the interdisciplinary nature of STEM through a focus on water quality
- Gain a better understanding of healthcare disparities and public policy
- Broaden world views through experiential learning

### **Eligibility:**

- Major in a STEM discipline
- Be a first time international traveler
- Maintain a 3.0 GPA

### **Course:**

Participants take SCMH 5940 (2 credits) during Spring 2020

### **Program Dates:**

July 19 – July 29, 2020

### **Program Costs:**

There are no student costs for this program. Program costs are subsidized by COSAM Office of Inclusion, Equity, and Diversity.

### **Interested?**
