## Birmingham City University

The Birmingham School of the Built Environment is a major provider of professionally relevant courses for the property and construction industries - they recently celebrated their 50th year. A modern, multi-disciplinary and diverse educational champion of the built environment offering courses dedicated to the teaching of future professionals.

Each course is accredited by at least one of four professional bodies. The courses offer a balanced approach to learning; successfully incorporating research, scholarship, industry engagement, and practice.

# Birmingham, England

One of the largest cities in Europe offering a mix of galleries, music, restaurants, etc.

Home to more than one million people from a range of different cultures and ethnic groups, including the UK's largest student population outside London. An exciting, diverse city with world-class restaurants, entertainment and shops.

Located about 120 miles from central London, one can easily travel to London by train in less than 2 hours. Birmingham Airport offers easy access to all major airports in Europe and beyond.

# Budgetary Concerns

As an Auburn-BCU Exchange student you pay Auburn University tuition directly to Auburn.

No tuition is required in addition to this at BCU.

AU Tuition: \$4,296

Study Abroad Fee: \$604

BSCI Prof. Fee: \$2,160

All budgetary amounts are approximate and dictated by student choice and current exchange rates:

Housing: \$2,400

Flight (R/T): \$1,000

Food: \$1,500

Miscellaneous: \$1,000

Travel: \$2,000

TOTAL: \$14,960

# Schedule Concerns

Spring term classes at BCU start around the middle of January and finish around the first of May. Traditional English holidays include a 3 week Easter break.

## Tentative Schedule:

January 12, 2015 — Classes Begin

April 1, 2015 to April 17, 2015—Easter Holiday  
(Opportunity for international exploration)

Around the first of May, 2015 — Classes End

# **This is a “True” student exchange program available to 1 - 4 building science students.**

Auburn Building Science students will study at BCU for their second semester (spring semester, junior year)

BCU students will study at Auburn for a fall semester.

If interested:

1. Submit a letter indicating your interest
2. Include a statement indicating why you would be a good candidate for this opportunity
3. Review application information on Auburn Abroad  
<http://www.auburn.edu/academic/international/auab/>
4. Students will be selected based upon their application letter and an interview.
