** Program Description:**

**Business Exchange Program at the**

**University of Ulsan, South Korea**

**PROGRAM OVERVIEW**

The Auburn University College of Business has created an exchange program with the University of Ulsan (UOU), one of the top universities in South Korea. The unique exchange program at the University of Ulsan provides an incredible opportunity to experience Korean industry first-hand. This experience in South Korea will give Auburn business students an international edge and prepare them for careers in the globalized market.

Founded by Hyundai Group, the university is strongly linked to business education with an international focus. This tie to Hyundai will allow students the opportunity to tour company plants and other industrial sites throughout the country. On top of the business aim of the exchange program, students will be integrated into South Korean society as they tour cultural sites,
participate in learning the Korean language, and interact with fellow students. To aim high at quality education and global competitiveness, the University of Ulsan provides international exchange students with excellent Korean language programs.

For more information, check out the University of Ulsan's [International Exchange Website](#).

**PROGRAM COSTS**

Auburn students pay Auburn tuition and fees for a full time student equal to 12 hours (based on their residency status). The student will be enrolled in the Auburn Exchange Course (UNIV 3000) while abroad. Students will not pay tuition to the host university but may pay other fees and are also responsible for their meals, books, housing, and airfare. Auburn students will also pay for the International Emergency Travel Self Insurance for the duration of their program abroad.

**ACCOMMODATIONS**

Students have the option to choose their type of housing. Please visit Ulsan’s [Housing Website](#) for more information.

**LOCATION**

*Ulsan, South Korea*

Located on the southeastern tip of the Korean peninsula, Ulsan is famous for whale watching, rocky cliffs, and beautiful
beaches. Its major landmarks include Ganjeolgot Cape, where the sun rises first, Daewangam Park, and Gajisan Provincial Park. Also, thanks to its location, the city has been emerging as a center of industrialization and maritime commerce. To the north lies the historic city of Gyeongju which contains the ruins of hundreds of temples, statues, and pagodas, as well royal tombs. Although Ulsan is a metropolitan port city, home to Hyundai Heavy Industries, it is also famous for its natural sceneries. Outside of the hustle and bustle of city life, hiking trails and historic sites abound. Each year there is a wind surfing competition off the local sand beaches. In 2002, South Korea and Japan hosted the FIFA World Cup in soccer. The Ulsan Munsu Football Stadium hosted a portion of the games, and the stadium itself is in the shape of a skull crown, symbolizing local petroglyphs from the Bronze Age. Learn more about Ulsan by visiting the Visit Korea 'Ulsan' page.

EXCURSIONS

Ulsan offers some faculty-led excursions to cultural sites, manufacturing plants, and local businesses. It is also highly recommended that students become involved in an area of their choice in one of the many clubs that are offered at Ulsan. Check out the Community Notices page at Ulsan. In addition, students will have the option to travel in Independent Excursions.

PASSPORT AND VISA REQUIREMENTS

If you do not have a PASSPORT: Please check http://travel.state.gov for the nearest local passport office and forms. Auburn Abroad recommends that you apply for a passport as soon as possible. If you already have a passport: Please check the expiration date. Passports should be valid for at least 6 months following your scheduled time abroad.

International students staying in Korea longer than 90 days must register their stay at Ulsan Immigration Office within 90 days after the arrival. Students will be asked to fill in the application for the registration and to submit required documents during the International Student Orientation. OIAE staff gathers all documents for the alien registration and visits the immigration office on behalf of the students. It normally takes 2 weeks to issue the alien card that is used as an ID during your stay in Korea. Visit the Immigration Requirements webpage for more information.
